NATIONAL PARK „KRKA” WATERFALLS

These photos are
taken by me.

There are many
beautiful places in the
world. I want to show
you the most beautiful
place which I have
watched in my life.

Two years ago I had opportunity
to visit „Krka National Park” in
Croatia.

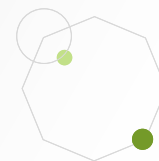

„Krka” is really famous.

There are plenty of waterfalls and streams in the National Park. The water is very clear and there are many fish in them.

A walk in the
park takes
about three
hours, during
which you can
admire
amazing
views.

The main highlight
is the lake where
you can swim and
refresh your body.

Next to the lake , there are many trading posts where you can buy local food and souvenirs.

I really recomend to visit the Krka National Park.

A scenic view of a coastal town, likely Dubrovnik, featuring a stone wall, a bay with clear blue water, and rocky islands. The town is built on a hillside with red-tiled roofs. The water is a vibrant turquoise color, and the sky is a clear, bright blue. In the foreground, there are rocky cliffs with some greenery. A small white envelope icon is visible on the right side of the image.
